

VIRTUALLNK

Web Icons Collection

License Agreement

You may modify the images and use them in your own applications, websites, and distributed media subject to the following terms and conditions:

Type of License:

Upon purchasing a VirtualLNK Professional Icon Collection, you will receive a **"site license"**. This entitles "one company" at "one location" to use our icons in any number of projects, subject to the terms of this agreement.

No transfer of ownership:

You may not lease, resell, license, or sub-license the images, or a subset thereof, to any third party. This also applies to any derived artwork or modified images from the VirtualLNK icon collections. The images may not be used to sell or otherwise promote image collections that compete directly with VirtualLNK, LLC. You may not grant or otherwise make available for use the images in their original or modified forms.

No royalty fees:

Once you have purchased a license, there are no royalty fees. This means you can use the images in your software and design projects without having to pay additional licensing fees.

Creating applications for clients:

You may create software applications or websites on behalf of a client, as long as the client does not intend to resell the application or website. If the client is considered a software or website design company, an additional license for the icons must be purchased from VirtualLNK, LLC.

Distributing the images:

All distributed images must be "in use" by the distributed application or website. You may not include the collection to "add value" to your product or service. Care should be taken to protect the artwork and/or derived artworks from being copied and/or obtained by a third party. If you are distributing a website, we understand that there is no way to compile the images into a DLL or resource library. This is **acceptable** as long as the above terms are met.

Disclaimer:

All images are provided "as is" without warranties of merchantability and fitness for a particular purpose. By purchasing any of these collections you agree to hold VirtualLNK harmless for any result that may occur during the course of using the images.

Do I have to purchase a license for each developer?

No, you will receive a "site license", which allows any number of developers at a "single location" to use the icons.

Is there a limit on the number of projects the icons can be used for?

You may use the icons in any number of projects, subject to the terms of this agreement.

Additional Questions?

Please don't hesitate to [contact us](#) if you have any additional questions.

Vista Icon Set - FAQ

What sizes and formats are included with my purchase?

Please review the image and associated details below:

- 16x16, 24x24, 32x32, 48x48, 72x72, 128x128, 256x256 in **.ICO**, **.PNG**, **.BMP**, **.JPG**, and **.GIF** formats
- Normal and Disabled versions of each image
- Indexed **.PDF** file containing a categorized list of all the icons

Will your Vista Icon Sets work with Windows XP?

Yes. Vista Icon Set refers to the style, not the format. Since graphics formats are universal, our Vista Icons will work on nearly any modern operating system. There is one exception to this rule: The new Windows Vista operating system supports (new resolutions) up to 256x256 in ICO format and a special PNG compression. This is to accommodate monitors of the future that will support higher DPI's making universal screen layouts possible. Although these "monitors of the future" are certainly something to look forward to, they will not be covered in this FAQ. If you wish to use images of this size on Windows XP, etc., any of the other file formats (GIF, JPG, BMP, etc.) will work just as well.

I have a question that is not listed here. Can you help me?

Please [contact us](#) and we will be happy to assist you.

Windows Vista is a trademark of Microsoft Corporation.
